Health Industry Number System (HIN ®) Authorized Licensees

The following companies and organizations are authorized licensees that have access to the full Health Industry Number (HIN) System Database, or a portion thereof. For details on a specific licensee's access contact info@hibcc.org.

HIN licenses do not convey between a parent organization and/or its subsidiaries and divisions. Each subsidiary and division must maintain its own, individual license to the HIN Database in order to be an Authorized Licensee

Providers that have obtained their own HIN are not included in this list.
